Appendix 1: Illustrative Examples of The Program

Example 1:

Assuming that the customer fulfills all the terms and conditions including the criteria set out in Clause 26 and conducts the following transaction(s) within 30 days upon successfully opening an Investment Account:

Date	Transaction Detail(s)	Remarks
19 April 2024	Open Investment Account successfully	
22 April 2024 (The Order Placement Day of Eligible Transaction)	<ul style="list-style-type: none"> Submit an instruction to subscribe for Fund A (Fund A is in the list of Designated Featured Funds) with an investment amount of HKD 20,000 Generally speaking, customers can know the fund subscription price on the second Trading Day after the Order Placement Day (i.e. 24 April, 2024). Assuming that the subscription price is HKD 10.00, the customer holds 2,000 units of Fund A (Fund units holding of the Eligible Transaction) 	The customer fulfills the conditions within 30 days of successfully opening an Investment Account.
26 April 2024 (5 th Trading Day, the end of the Trial Period)	The price of Fund A is HKD 10.30	

If the customer does not have any fund redemption transactions during the Trial Period, the fund price at the end of the Trial Period (the 5th Trading Day) is higher than the subscription price. Therefore, the customer has achieved potential gains during the Trial Period and may keep the potential gains subject to redemption, but the Bank will not give out any Trial Voucher.

Potential gains HKD 600 = 2,000 units of Fund A of the Eligible Transaction* (Fund price at the end of the Trial Period HKD 10.30 - Subscription price HKD 10.00)

Example 2:

Assuming that the customer fulfills all the terms and conditions including the criteria set out in Clause 26 and the following transaction(s) within 30 days of successfully opening an Investment Account.

Date	Transaction Detail(s)	Remark
19 April 2024	Open Investment Account successfully	
22 April 2024 (The Order Placement Day of Eligible Transaction)	<ul style="list-style-type: none"> Submit an instruction to subscribe for Fund A (Fund A is in the list of Designated Featured Funds) with an investment amount of HKD 18,000 Generally speaking, customers can know the fund subscription price on the second Trading Day after the Order Placement Day (i.e. 24 April, 2024). Assuming that the subscription price is HKD 9.00, the customer holds 2,000 units of Fund A (Fund units holding of the Eligible Transaction) 	The customer fulfill the conditions within 30 days of successfully opening an Investment Account.
26 April 2024 (5 th Trading Day, the end of the Trial Period)	The price of Fund A is HKD 8.80	

Assuming that the customer does not have any fund redemption transactions during the Trial Period, the fund price at the end of the Trial Period (the 5th Trading Day) is lower than the subscription price, the customer will receive one Trial Voucher from the Bank:

Trial Voucher HKD 400 = 2000 units of Fund A holding of the Eligible Transaction* (Subscription price HKD 9.00 - Fund price at the end of the Trial Period HKD 8.80)

Example 3:

Assuming that the customer fulfills all the terms and conditions including the criteria set out in Clause 26 and conducts the following transactions within 30 days of successfully opening an Investment Account.

Date	Transaction Detail(s)	Remark
19 April 2024	Open Investment Account successfully	
21 April 2024 (non-Trading Day, hence the Order Placement Day of Eligible Transaction falls into 22 April 2024)	<ul style="list-style-type: none"> Submit two investment instructions: the first investment amount is HKD55,000, subscribe Fund C (Fund C is in the list of Designated Featured Funds); the second investment amount is HKD18,000, subscribe Fund D (Fund D is in the list of Designated Featured Funds). Only the first investment (Fund C) is calculated. As only the first HKD50,000 (or the relevant foreign currency equivalent) of the investment amount will be counted for the Program, among the investment amount of HKD55,000, the Eligible Transaction amount counted under The Program is HKD 50,000. Generally speaking, customers can know the fund subscription price on the second Trading Day after the Order Placement Day (i.e. 24 April, 2024). Assuming that the subscription price of fund C is HKD 10.00, the customer holds 5,000 units of Fund C (Fund units holding of the Eligible Transaction). 	The customer fulfills the conditions within 30 days of successfully opening an Investment Account.
26 April 2024(5 th Trading Day, the end of the Trial Period)	The price of Fund C is HKD 10.20	

Assuming the customer does not have any fund redemption transactions during the Trial Period, the fund price at the end of the Trial Period (the 5th Trading Day) is higher than the subscription price. Therefore, the customer has achieved potential gains during the Trial Period and may keep the potential gains subject to redemption, but the Bank will not give out any Trial Voucher.

Potential gains HKD 1000 = 5000 units of Fund C holding of the Eligible Transaction * (Fund price at the end of the Trial Period HKD 10.20 - Subscription price HKD 10.00)

As the subscription of Fund C is the first and only Eligible Transaction, although Fund D is in the list of Designated Featured Funds, the subscription of Fund D is not considered as Eligible Transaction, and the potential gains/losses arising from the price changes of Fund D are not considered in the Program.

Example 4:

Assuming that the customer fulfills all the terms and conditions including the criteria set out in Clause 26 and conducts the following transaction(s) within 30 days of successfully opening an Investment Account.

Date	Transaction Detail(s)	Remark
19 April 2024	Open Investment Account successfully	

22 April 2024 (The Order Placement Day of Eligible Transaction)	<ul style="list-style-type: none"> • Submit two investment instructions: • The first investment instruction: Subscribing Fund E (Fund E is in the list of Designated Featured Funds) with an investment amount of HKD18,000; • The second investment instruction: Subscribing Fund F (Fund F is in the list of Designated Featured Funds) with an investment amount of HKD30,000. • Only the first investment (Fund E) is calculated. As the first HKD50,000 (or the relevant foreign currency equivalent) of the investment amount is counted for the Program, the Eligible Transaction amount for the Program is HKD 18,000, Fund F subscription is not considered. • Generally speaking, customers can know the fund subscription price on the second Trading Day after the Order Placement Day (i.e. 24 April 2024). Assuming that the subscription price of fund E is HKD 10.00, the customer holds 1,800 units of Fund E (Fund units holding of the Eligible Transaction) 	The customer fulfills the conditions within 30 days of successfully opening an Investment Account.
26 April 2024 (5th Trading Day, the end of the Trial Period)	The price of Fund E is HKD 9.7	

Assuming the customer does not have any fund redemption transactions during the Trial Period, and the price of Fund E at the end of the Trial Period (the 5th Trading Day) is lower than the subscription price, the customer will receive one Trial Voucher from the Bank:

Trial Voucher HKD 540 = 1800 units of Fund E of Eligible Transaction* (Subscription price HKD 10.00- Fund price at the end of the Trial Period HKD 9.70)

As the transaction of Fund E is the first and only Eligible Transaction, although Fund F is in the list of Designated Featured Funds, the transaction of Fund F is not considered as Eligible Transaction, and the potential gains/losses arising from the price changes of the fund F are not considered in the Program.

Example 5:

- If the fund that a customer redeemed during the Trial period is not in the list of Designated Featured Funds, customer's eligibility to the Program will not be affected.
- However, if the customer fulfills all the terms and conditions including the criteria set out in Clause 26 and the fund that a customer redeemed during the Trial period is in the list of Designated Featured Funds, the scenario is illustrated in the following example (the net subscription amount of an Eligible Transaction during the Trial Period is between HKD10,000 and HKD50,000):

Date	Transaction Detail(s)	Remark
19 April 2024	Open Investment Account successfully	
22 April 2024(The Order Placement Day of Eligible Transaction)	<ul style="list-style-type: none"> • Subscribing Fund M (Fund M is in the list of Designated Featured Funds) with an investment amount of HKD 60,000. • Generally speaking, customers can know the fund subscription price on the second Trading Day after the Order Placement Day (i.e. 24 April, 2024). Assuming that the 	The customer fulfills the conditions within 30 days of successfully opening an Investment Account.

	subscription price is HKD 10.00, and the customer holds 6,000 units of Fund M (among which 5,000 are Fund units holding of the Eligible Transaction)	
25 April 2024	<ul style="list-style-type: none"> • Submit redemption instructions for Fund M: • Instruction 1: Redemption amount HKD20,000 • Instruction 2: Redemption amount HKD20,000 	During the trial period, the customer's redemption amount is HKD40,000, and the net subscription amount during the trial period is HKD20,000.
26 April 2024 (5th Trading Day, the end of the Trail Period)	<ul style="list-style-type: none"> • Assuming customer holding units of Fund M on 26 April (after redemption) is 2,000 • The price of Fund M is HKD 9.80 	

From the above case, the customer's net subscription amount of Eligible Transactions during the Trial Period still meets the minimum transaction amount of HKD10,000, so the customer is still eligible according to terms and conditions including Clause 26. Otherwise, if the net subscription amount is lower than the minimum transaction amount of HKD10,000, the customer will not be eligible for the Program.

The price of Fund M at the end of the Trial Period (the 5th Trading Day) is lower than the subscription price, the customer will receive one Trial Voucher:

Trial Voucher HKD 400 = 2000 units of Fund M of Eligible Transaction at the end of Trial Period* (Subscription price HKD 10.00- Fund price at the end of the Trial Period HKD 9.80)

Example 6:

- Assuming that the customer fulfills all the terms and conditions including the criteria set out in Clause 26 and the fund that a customer redeemed during the Trial Period is in the list of Designated Featured Funds. The scenario is illustrated in the following example (the net subscription amount of an Eligible Transaction during the Trial Period is above HKD50,000):

Date	Transaction Detail(s)	Remark

Assuming that the subscription price is HKD 10.00, and the customer holds 10,000 units of Fund M (among which 5,000 are fund units holding of the Eligible Transaction) 	The customer fulfills the conditions within 30 days of successfully opening an Investment Account.
25 April 2024	<ul style="list-style-type: none"> • Submit redemption instructions for Fund X Instruction 1: Redemption amount HKD20,000 	During the Trial Period, the customer's redemption amount is HKD20,000, and the net subscription amount during the Trial Period is HKD80,000.
26 April 2024 (5th Trading Day, the end of the Trail Period)	The price of Fund X is HKD 9.90	

From the above case, the customer's net subscription amount of Eligible Transaction is above HKD 10,000 during the Trial Period, so the customer is still eligible according to terms and conditions including Clause 26.

The price of Fund X at the end of the Trial Period (the 5th Trading Day) is lower than the subscription price, the customer will receive one Trial Voucher:

Trial Voucher HKD 500 = 5000 units of Fund X of Eligible Transaction on subscription date* (Subscription price HKD 10.00- Fund price at the end of the Trial Period HKD 9.90)

Example 7:

Assuming that (i) a customer fulfills all the terms and conditions including the criteria set out in Clause 26; (ii) makes more than 1 subscription and/or more than one fund during the Trial Period; (iii) Fund N is not in the list of Designated Featured Funds while Fund S is in the list of Designated Featured Funds.

- Since Fund N is not in the list of Designated Featured Funds, Order 1 does not qualify as a "Eligible Transaction".
- Since Fund S is in the list of Designated Featured Funds, Order 2 qualifies as an "Eligible Transaction".
- Since The Program only count the first Eligible Transaction, Order 3 is not an "Eligible Transaction".
- The price of Fund S at the end of the Trial Period (the 5th Trading Day) is lower than the subscription price, the customer will receive one Trial Voucher:
Trial Voucher HKD 400 = 2000 units of Fund S * (Subscription price HKD 14.20- Fund price at the end of the Trial Period HKD 14.00)
