#### **REVIEW OF ACTIVITIES**

The Board of Directors of Welab Bank Limited ("the Bank", "WeLab Bank") is pleased to announce the unaudited interim results of the Bank for the six months ended 30 June 2020.

#### **BUSINESS REVIEW**

WeLab Bank is a wholly owned subsidiary of WeLab Holdings Limited ("WeLab"), a leading fintech company in Asia. WeLab Bank is a licensed bank registered under the Hong Kong Banking Ordinance. The Bank's principal activities are the provision of banking and related financial services in Hong Kong, currently focusing on providing individual retail customers with innovative banking services and products through digital channels.

WeLab Bank was granted a virtual banking license by the Hong Kong Monetary Authority ("HKMA") in April 2019. The Bank has since built a capable team of financial and technology experts, who designed and established bank's infrastructure including the technology stack, risk management mechanisms, and product capabilities, etc. On 28 April 2020, WeLab Bank commenced a pilot trial ("WeLab Bank Pilot", "the Pilot") under the HKMA Fintech Supervisory Sandbox.

During the WeLab Bank Pilot, customers were able to access a range of fully digital services including – remote account opening, time deposits and core accounts, virtual and physical debit cards, and payments with Faster Payment Services (FPS) enabled. As of 30 June 2020, WeLab Bank was still undergoing the Pilot and continued to welcome customers to experience WeLab Bank under a controlled environment, before being made publicly available. On 30 July 2020, WeLab Bank successfully launched banking services to the general public in Hong Kong.

WeLab Bank's mission is to understand customers' needs and design a personalized, full-service banking experience that helps them manage, save and grow their money. WeLab Bank's products and services will be launched in various phases, starting with the following key products:

- GoSave: GoSave is Hong Kong's first saving product that harnesses the power of the community. Customers can drive up the interest rate in a fun way with their family, friends, or the whole WeLab Bank community. As a demonstration of WeLab Bank's commitment to promote financial inclusion, GoSave is differentiated from traditional time deposit products where higher interest rates are only reserved for large-amount deposits or select customers, whereas all GoSave users can start with as little as HKD10 and have the flexibility to withdraw their funds at any time without additional fees (note: subject to a maximum withdrawal of 2 times during the tenor).
- WeLab Debit Card: In collaboration with Mastercard, WeLab Bank launched WeLab Debit Card, a
  numberless bank card that is designed for spending and cash needs of the customers. Functionally,
  the card can be used for making purchases in physical stores or online and to withdraw cash from any
  JETCO ATMs in Hong Kong. Cardholders' account number and CVV code can only be accessed securely
  from the WeLab Bank app.

Principal risks and uncertainties facing the Bank include competition from existing traditional banks and other virtual banks, uncertainties in macro-economic environment and potential impact of the COVID-19 pandemic.

### **BUSINESS REVIEW (continued)**

The first six months of 2020 saw disruptions to businesses and economic activity both in Hong Kong and around the world due to the COVID-19 pandemic. The difficult environment has had an adverse impact on many individuals and businesses. This is the time that people need better financial inclusion, and access to digital banking services. WeLab Bank team considered it to be crucial to launch the Bank at this important time, providing customers with technology-driven banking services that they can enjoy amid social distancing and COVID-related health concerns.

#### **FINANCIAL REVIEW**

The Bank's loss attributable to shareholders for the six months ended 30 June 2020 was HK\$113 million (HK\$13 million loss for the first half of 2019). Operating Expenses for the period were HK\$113 million, increased from HK\$16 million a year ago.
